**Subject:** RE: PM10 Exceedances Dona Ana and Luna Counties - 2016, 2017, 2018

Hi Dot,

We are delayed in getting the 2016 draft out for public notice and comment and will have to wait until the beginning of our new fiscal year to publish. Our financial team indicated that new purchase orders should be in place by July 8 so we are planning to publish ASAP thereafter.

Our monitoring/QA section has not contacted us about 2018 events and I have asked for an initial meeting with them. Once we have a list of possible dates we can have an initial discussion with you about these.

Thank you,

Mike

Hope the day is good for you. I am checking on the status of the public notice for the 2016 and 2017 Exceptional Event Demonstrations. Last we talked in mid-April, you expected the 2016 Demo to be public noticed by this week with 2017 following after that. Can you give me an update? Still on schedule?

Have you and the monitoring group coordinated yet on the 2018 exceedances. When you are ready, we can start the Initial Notification process.

As a reminder, due to recent changes, i.e., realignment and office move, after public notice the Exceptional Event Demonstrations should be sent to:

David W. Gray, Acting Regional Administrator  
U.S. Environmental Protection Agency, Region 6

1201 Elm Street, Suite 500  
Dallas, Texas 75270-2102

The Initial Notification letter should be sent to:

Jeff Robinson, Branch Chief, Air Permits, Monitoring & Grants Branch  
U.S. Environmental Protection Agency, Region 6  
1201 Elm Street, Suite 500  
Dallas, Texas 75270-2102

Dorothy Crawford  
U.S. EPA, Region 6, Air Monitoring  
(214) 665-2771
